Book Loans

Book loans are available. Charges include loan rate and any additional charges incurred from the lending library. Book loans are available only to qualified libraries. When the lending library permits, Information Express will renew books for its clients. Renewal terms vary from library to library.

Tracking

Each request received at Information Express is labeled with a unique code. With every change of location or status, requests are scanned into our database so we can quickly inform you of the exact progress of your orders should you have any questions. To preserve confidentiality, client names are not used on requests.

Status Reports

Individual and institutional online status reports are available on the Information Express website. Institutional status reports are accessible only to designated administrators, who can also have customized status alerts sent to them via e-mail. Status alerts about individual outstanding orders that are unfulfilled after a certain amount of time can also be sent to end users and/or administrators.
